341 MAIN STREET.
DISTRICT CONFERENCE.

OF THE M. E. CHURCH AT LAMBERT'S POINT.

As previously announced in the Virginian-Pilot, the Norfolk District Conference of the M. E. Church, South, will convene in annual session at Lambert's Point Church, July 12th, at 9 a. m.

Rev. A. G. Brown, D. D., presiding elder, who is now at Clifton Springs, N. Y., is expected to be present and preside over its deliberations.

It was originally arranged to hold three sessions a day, consuming only two days, in the work of the conference, but as there is a large amount of business to be transacted it is thought by some that it will hardly be possible to get through under three days, which has been the custom in the past.

It is also said that the Southern Methodist Book Committee's action with reference to the war claim of the publishing house at Nashville, will again claim the attention of the body, and it is believed that resolutions looking to the call of a special session of the General Conference to settle the vexed question will be adopted, to be presented at the annual conference in Petersburg, next November, for its approval.

Similar resolutions of a strong character have been adopted by other district and annual conferences farther South. This discussion will doubtless prove one of the most interesting features of the proceedings.

On the last day of the conference delegates to the annual conference will be elected. This election is conducted by secret ballot, each delegate voting for his choice. The ballots are then counted by the letters and the result announced by the presiding officer.

Following are the District Conference delegates as far as learned:

Cumberland Street—Delegates: W. J. Simmons, E. J. Whitehurst, Jas. T. Kegebein. Alternates: A. J. Whitehurst, F. M. Smith, J. W. Hough.

Epworth—Delegates: B. T. Rockover, C. W. Harrell, W. A. Wrenn. Alternates: Wm. Taylor, J. Sidney Smith, John T. Bolton.

Queen Street—Delegates: W. W. Vlear, S. N. Brickhouse, J. H. Walters. Alternates: Charles E. Scott, R. S. Dawson, George B. Gregory.

McKendree—Delegates: C. R. Parlette, Dr. J. N. Webster, George B. Ferbee. Alternates: W. E. Rew, A. Mercer, H. G. Petersen.

Centenary—Delegates: S. B. Harrell, A. S. Cooper, James A. Rivers, Sr. Alternates: P. J. Malbon, James P. Grandy, S. Q. Collins.

Shumadine, J. W. Bachus, J. B. Armstrong.

Liberty Street, South Norfolk—Delegates: Dr. J. N. Halstead, C. W. Young, Jr., John W. Jones. Alternates: C. F. Abbott, J. R. Walke.

Some Good Music.
The genial crew of the chemical engine house, on Plume street, may not be Jacks of all trades, but they can do more difficult things and do each well than any similar body of men in Norfolk. They are first-class fire fighters, boat builders, painters, sign writers and musicians. Yesterday afternoon they gave an informal concert in the yard of their house, which was greatly enjoyed by all who had the privilege of hearing it.

Slowly but surely have our Oxford mixtures worked their way to the front. Your next suit should be one of them. Tailored in our own exclusive way.

RUUDOLPH & WALLACE,
833 Main street.

PLUMBERS STRIKE ON

Lesser Demand as to Mr. Graham
Not Yet Granted.

Strike on New Scale, and Other Matters Goes Into Effect To-Day—Imported Plumber Goes Home—Journeymen's Demand.

The strike of the journeymen plumbers and steam fitters for the reinstatement of Mr. Graham, that has been on for the past week, is broadened this morning, as June 1st is the day set for the demand of the journeymen of Norfolk for a new scale of wages and other labor rules and agreements.

These are clearly set forth in the following resolutions, heretofore noted by the Virginian-Pilot:

Resolved, First, That on and after June 1, 1899, that the rate of wages shall be not less than \$3 per day for nine hours' work, for the first five days of the week, and eight hours for Saturdays.

Resolved, Second, That on and after June 1, 1899, that only one apprentice will be allowed for each shop.

Resolved, Third, That on and after June 1, 1899, that no boy or man shall work as a junior, or under instructions, who has not served at least four years at the trade of plumbing, gas or steam fitting.

Resolved, Fourth, That on and after June 1, 1899, that the rate of wages for boys or men working under instructions, or as juniors, shall be not less than \$2 per day.

Resolved, Fifth, That on and after June 1, 1899, that only one boy or man will be permitted to work as a junior, or under instructions in any shop.

Resolved, Sixth, That nothing herein shall be so construed as to prevent any apprentice who has begun his apprenticeship before the filing of these resolutions from serving the remainder of his time.

Resolved, Seventh, That a copy of these resolutions be sent to all firms recognized as union shops.

IMPORTED PLUMBER LEAVES.
A. C. Gibson, of Harrisburg, Pa., the non-union plumber who was brought to Norfolk from Philadelphia by Mr. T. B. Carey, did not find conditions here satisfactory. He spent Tuesday night at the residence of Mr. Carey, and yesterday took his tools and went back to Pennsylvania. He stated that he wanted to go back to Lancaster, Pa., and the journeymen's Union paid his passage to that point. He signed an agreement not to return to Norfolk within sixty days, and gave the journeymen's Union an order on Mr. Carey for \$8.25—wages for two days and expenses in Norfolk. It is stated that the experiment of imported labor cost Mr. Carey about \$35, and the journeymen about \$25 for the railroad fare.

The strike has begun to be very much felt in some quarters on account of the delay in going ahead with buildings now in progress. The result is also loss of time in certain other of the building trades. It is believed that the strike will be adjusted satisfactorily to all parties in the near future, as the journeymen have manifested a willingness to arbitrate in the Graham matter.

The Master Plumbers were busy conferring with each other yesterday at their respective establishments, and will probably hold a meeting soon to consider the demands of the journeymen.

PROTESTANT HOSPITAL.
ANNUAL MEETING OF STOCKHOLDERS—PRESIDENT'S REPORT.

The Norfolk Protestant Hospital held its first annual meeting Tuesday night, Captain W. W. Old presiding. The president, Captain John L. Roper, submitted the following report:

Another year has past and we have met together for the purpose of reviewing the first year's work of the Norfolk Protestant Hospital, successor to the Norfolk Retreat for the Sick. Like its predecessor, the year has been fraught with difficulties. The same struggle for existence has been experienced, and we find ourselves in the same embarrassed financial condition as heretofore and occupying the same contracted and poorly arranged building.

When organized under the new charter a year ago we were encouraged in the belief that new interest would be added, and hoped that before another annual meeting we would have at least made considerable progress towards the erection of our new building. The fate has been against us.

The depressed condition of business during the first of the year, owing to the war, and the feeling of uncertainty prevailing during the spring and summer following made it impossible to enlist aid or interest.

Increased hospital accommodations are an absolute necessity. The city's interests demand it, and our interest as citizens, as well as our humanity, demands an increase. The rapid growth of the city and the increase of the population suggests the necessity for increased facilities for taking care of the sick; otherwise there must be suffering amongst those who cannot provide the necessary attention; and to accomplish this (if it is to be accomplished) it is necessary to take hold as though we meant business. With the many discouragements there has been loss of interest and a growing indifference. Comparatively few have been able to forest and are still working actively in the cause.

Finally, it resolves itself into a question of providing larger accommodations or discontinuing the work. If continued as now conducted means a gradual waste of the property. The expenses are in excess of the receipts. The debt has now reached the danger line; and until we have increased accommodations and the work conducted on a scale that will warrant a more systematic and business-like administration of its affairs, we cannot hope for a better showing.

COMPARISON OF CHARGES.
I find by comparing the charges of our hospital to those of hospitals elsewhere that we are very much under in prices, and I see no reason why this should be so if we were able to furnish equal accommodations. The thanks of the association are due to the lady managers for the very satisfactory manner in which the work has been

done during the past year, notwithstanding the many discouragements and the want of funds.

EXPENSES EXCEED REVENUES.
While the treasurer's report will show that the expenses have exceeded the revenues, the deficit cannot be considered large when we take into consideration the amount of good that has been accomplished, the number of charity patients treated and the very limited accommodations at their command. The thanks of the association are also due to Mr. B. T. Rockover for the interest manifested by him in the cause; he has made for contributions to the hospital, not only at home, but abroad. Through his efforts one contribution of \$1,000 has been secured from a non-resident, and a number of others have been secured at home.

PATIENTS ACCOMMODATED.
Mrs. B. T. Rockover, president of the board of lady managers, submitted a report from Miss Mabel Jones, showing that during the year there had been 302 patients, 174 of which had been white and nine deaths. Of the patients, 100 were Baptists, 89 Methodists, 25 Episcopalians, 15 Presbyterians, 6 Hebrews, 4 of the Christian Church, 3 Unitarians and 50 non-believers. There are in the hospital twenty-eight beds, and Dr. Hugh Maykood is house physician.

TREASURER'S REPORT.
Mrs. E. C. Hannah, treasurer of the lady managers, reported that at the last annual meeting there was \$32.98 on hand; the receipts during the year were \$8,824.17, the disbursements \$8,801.50, leaving a balance of \$22.67. The amount received for charity was \$11.15.

Mr. A. B. Broughton, treasurer of the hospital, reported a bank balance of \$2,481.83.

OFFICERS ELECTED.
The following officers were elected to serve three years: Captain John L. Roper, president; R. S. Cohn, vice president, and Captain W. W. Old and Messrs. B. T. Rockover, George C. Arps and B. D. Thomas, directors to serve three years.

BOARD OF HEALTH.
AN AFTERNOON DEVOTED TO NUISANCES COMPLAINED OF.

At the meeting of the Board of Health yesterday afternoon attention was called to the filthy and unsanitary condition in the neighborhood of Washington, Freemason, Granby and Brewer streets. As is known, this was formerly marsh land, and between Granby and Brewer the land is so low that it becomes marshy now in places and water stands in the interior of the blocks. Besides this, it is said that the accumulation of weeds and other vegetable matter has created an unhealthy condition in that portion of the city. The attention of the Board of Health was called to the matter in the following communication:

"To the Honorable Board of Health: 'Gentlemen: In the discharge of our duty in the condemnation of certain property lying in the square between Washington, Freemason, Granby and Brewer streets, we were obliged to go upon it, and we deem it our duty as citizens to inform you that there is an accumulation of filth, rubbish and weeds in that locality that is a menace to the public health.

"Yours respectfully,
"B. F. LOYALL,
"C. A. NASH,
"M. D. WREN,
"JOHN N. VAUGHAN."

The board replied to this communication that this matter was first brought to the attention of the Committee by the board about three years ago, with a view of securing an appropriation to abate the menacing condition, and that the City Engineer had once or twice made an estimate at the board's suggestion of the cost of cleaning out the filth and putting this part of the city in good condition.

It was found that it would take a large amount of money to abate this nuisance, and the suggestion was made that Tripoli street be opened, this being the most practicable way to abate the nuisance. No action was taken in the opening of this street, however, until recently.

MANY NUISANCES.
Three hundred and ninety-nine nuisances were reported by the Sanitary Inspectors for the week ending yesterday. Two hundred and sixty-nine were abated by the inspectors.

The well at No. 52 Granby street was ordered filled.

The Street, Sewer and Drain Commissioners sent a communication to the board asking a recommendation of the appropriation of \$50 to clean the Chapel street drain.

A number of other routine matters were attended to.

COUNTRY CLUB SPORTS.
FINE PROGRAM ARRANGED BY THE COMMITTEE.

The Country Club begins its week of field sports next Tuesday. The club will be thrown open the entire week after Tuesday, day and night, to social gaiety and fun and enjoyment in sports.

The Governing Board recently appointed a committee to arrange the program for the week. This committee is composed as follows:

Messrs. F. W. McCullough, chairman; M. A. Agelasto, H. G. Whitehead, Washington Reed, J. Saunders Taylor and J. F. Blackwell.

WHAT THE SPORTS WILL BE.
This committee has arranged for the following events:

Tuesday—Tug of war between two picked teams, three-legged race, egg and cradle race, potato race, sack race and wheelbarrow race.

Wednesday—Tennis tournament.

Thursday—Bowling and golf tournaments.

Friday—Hand ball and quoits.

Saturday—Tub race in river in front of club house and an exhibition game of "snigger."

MUSIC EVERY NIGHT.
The committee has also engaged the Naval Post Band to play at the club house during the week, and concerts will be given each night during the continuance of the sports.

Those who wish to enter the contests should do so before Saturday. Mr. Hugh G. Whitehead is receiving the names of the contestants.

The club expects a lively time during the week, and the sports will continue on Wednesday, as will be seen from the program, is given over to tennis, while Thursday is for bowling and golf. Some of the best tennis and golf players in the city belong to this club, and these tournaments will be very interesting.

WORKING AWAY

The Special Committee Yesterday Studied the Carnival Ideas.

Will Report to the Carnival Association Directors on Friday Evening—Looks as if the Business Men Favor It.

Pursuant to previous arrangement the committee from the Tidewater Carnival Association, composed of Messrs. C. Brooks Johnston, Colonel Nash, T. H. Synon and J. W. Perry met at 1 p. m. yesterday at the office of Mayor Johnston to confer with Mr. W. S. McKean, of the Business Men's Association of Washington, D. C., a well known carnival promoter, and to consider in detail matters in connection with the proposed Mischianza celebration. This committee was also to report their views to the directors of the Carnival Association at a meeting to be called for the purpose.

Mr. McKean was called on to address the meeting and did so, covering practically the same ground that he did on Tuesday evening before the directors of the Carnival Association at the Board of Trade rooms, but going more into detail. He also submitted figures approximate of cost of the carnival as a whole, and of each of the proposed grand features in detail. He also gave estimated figures of possible receipts from the sale of badges, medals, official programs, grand stand privileges and other sources of revenue. After a session of two hours the committee adjourned to meet on Friday at 6:30 p. m. to report on the desirability of going ahead with the proposed celebration. The committee has not yet formulated its report, nor as a matter of fact, decided just what the report will be, but the members seem very favorably impressed with the practicability of the carnival idea, and prospects for the Mischianza celebration may be said to be very bright at the present time.

Since his report on Tuesday night, Acting Secretary Dawes has received a number more of postal cards in reply to his inquiry, and they are very favorable as a whole, many of the writers being very enthusiastic.

The carnival directors will meet again on Friday at 6:30 p. m. at the office of the secretary of the Board of Trade and Business Men's Association.

Mr. McKean left for Washington last night. It is very likely that the directors of the Carnival Association will to-day or to-morrow send a letter to Mr. McKean making him a proposition to take charge of the proposed carnival. If he is unable to give the matter his entire time, it is believed that he will be engaged to act in an advisory capacity, as he has had valuable experience in such affairs.

EN ROUTE TO NORFOLK.
THE PRAIRIE COMING FOR OUR NAVAL RESERVES.

The following was received last night from the Associated Press:

Southport, N. C., May 31.—The United States auxiliary cruiser Prairie, Captain MacKenzie, sailed at 12:40 this afternoon for Lambert's Point, Va., to coal and then take the Virginia Naval Reserves for a week's practice cruise.

It will be recalled by readers of the Virginian-Pilot that the Prairie was announced to sail from Norfolk on the 6th instant with our Naval Reserves for practice cruise. It is not doubted that the coming will be hailed with joy, and although the desire of the boys to serve Uncle Sam in the war with Spain was not gratified, owing to some hocus pocus not yet explained, they will gladly avail themselves of the privilege of a week's outing.
